## **Publix Super Market, Kroger, Griller's Pride, Pita Palace, Café Ofi, Chai Peking, and Simone's Bakery Top Survey of Atlanta Area Kosher Establishments**

Atlanta, GA (September 1, 2008) — The results of the first ever Atlanta area kosher survey conducted by Kosher Community Surveys LLC have just been released. The survey asked local consumers their opinions of Atlanta area kosher stores, restaurants, and bakeries. Establishments with high scores included: Publix Super Market (N. Druid Hills), Kroger (Orchard Park), Griller's Pride, Pita Palace, Café Ofi, Chai Peking, and Simone's Bakery.

Neil Rosenbaum, President of Kosher Community Surveys LLC, commented, "We are very excited to extend our survey process to the Atlanta area. The final report provides the area's kosher consumers a unique mechanism to provide feedback to kosher establishments. I hope the owners and managers are able to take advantage of this information to improve the experience customers have at their establishments." Over 170 people participated in this year's survey.

The results of the survey are compiled and published in the final report that can be found on the company's website. The final survey report provides significant insight into the community's collective opinion on Atlanta area kosher establishments. The report is a unique resource for consumers to use in deciding which businesses to patronize. In addition, the results of the survey can provide restaurants, bakeries and stores with guidance on how to better serve their customers. The survey will be conducted on an annual basis to provide Atlanta citizens and visitors a means to evaluate changes in the quality of kosher establishments.
