Other establishments with strong showings include: Taam China (Newton) and Rosenfeld's Bagels. Neil Rosenbaum, President of Kosher Community Surveys LLC, commented, "Interest in the survey by kosher consumers in Massachusetts continues to grow as the community learns about the survey process. With the launch of the our Partners in Customer Feedback program, kosher establishments have even another avenue to show their interest in customer feedback." Approximately 385 people participated in this year's survey.

The results of the survey are compiled and published in the final report that can be found on the company's website. The final survey report provides significant insight into the community's collective opinion on Boston area kosher establishments. The report is a unique resource for consumers to use in deciding which businesses to patronize. In addition, the results of the survey can provide restaurants, bakeries and stores with guidance on how to better serve their customers.
